

## How to clean my cat's litter box?

If you have cats, you should know that you should always keep your litter box clean, so you will avoid annoying odors in your home, that is why we bring you a step by step so that you can leave it totally impeccable. Take note!

Step 1: To start, wear gloves and a face mask. Cat feces and urine contain some viruses that can be dangerous to your health.

Step 2: With a rake collect solid waste and urine clumps.

Step 3: Then deposit the droppings in a bag.

Step 4: Sweep and then disinfect the area where the litter box is. To leave a more pleasant smell, clean the floor with some Fabulous gothic ones.

Step 5: To finish, mix the old litter with the new one to avoid bad odors.

These simple steps will save you a lot of headaches. Your kitten will feel much cleaner and your house will no longer have bad odors.
