

How to clean the bathroom perfectly and in a short time

One of the most important places in the house is the bathroom, where you can find bacteria and other residues that you cannot let accumulate. That job shouldn't require a lot of time and Fabulous comes with a simple step-by-step to clean in just 15 minutes.

1. Sink: You can use a mixture of vinegar and clean the surroundings with a cloth.

2. Toilet bowl: mix baking soda with hot water and pour it into the bowl. For the outside, use cloths soaked with a disinfectant product.

3. Shower: Mixture of hot water, vinegar and salt, pour it on all the walls of the shower or bathtub, let it rest. Then, use bath soap and finish washing.

4. Floor: You can sweep or vacuum the floor, then pour a few drops of Fabulous and clean with a floor cloth.
