

How to wash white clothes

Do you know how to wash white clothes? Next, I explain in 7 steps. If your white clothes were stained in another color, I recommend you see this article.

Step 1: Make sure all white clothes have the same washing instructions.

Step 2: Separate the clothes that shed lint from those that don't. You don't want to ruin all your clothes.

Step 3: Wash with hot water, if your clothes resist it. Avoid in nylon, lycra, spandex.

Step 4: If your clothes are very dirty. Soak in water with detergent for 2 hours.

Step 5: If you want whiter clothes, use bleach. Follow the instructions on the bottle.

Step 6: Use Softener that will give it an incredible aroma and will help the garments last much longer.

Step 7: You can substitute white vinegar for the bleach. Add 1 cup to the rinse cycle.
